

IKOfix POW-05

Membrane Pressure Plate

Product Details

Material	Aluminium
Length	82mm
Width	40mm
Thickness	1mm
Hole Diameter	5mm
Product Number	37110500

Introduction

The IKOfix POW pressure plate is made of coated aluminium. POW-05 pressure plates have a deeper recess and are ideal for use on compressible substrates such as insulated warm roof build ups. IKOfix POW-05 pressure plates are used in conjunction with the IKOfix WX or WO fasteners for securing Armourplan SM/P or Spectraplan SM membranes in a layout as indicated by the project specific IKO Polymeric wind uplift calculation.

Features & Benefits

- Cold Application
- Excellent mechanical properties
- Quick and easy installation
- Cost effective application

Installation

1. Position the POW pressure plate and insert the fixing.
2. Using a drill fitted with the correct drive bar and stop bit screw the fastener into the substrate until the fixing depth is reached.
